#### REPORT TO BOARD ON CPA SOCIETY ANNUAL MEETING

Nicole Kasin 6-8-10

The SD CPA Society is holding their annual conference the week of June 21, 2010. The annual business meeting will be on Tuesday, June 22. Due to a conflict in my schedule with the NASBA Western Regional Conference, John Mitchell has agreed to fill in and speak on the Board's behalf. The topics to be covered will be mobility, online renewals, and any other points the board would like to make.

American Institute of CPAs 220 Leigh Farm Road Durham, NC 27707-8110

June 1, 2010

To State Board of Accountancy Chairs and Executive Directors:

The AICPA's Peer Review Board has issued an Exposure Draft containing proposed revisions to the guidance for quality control materials (QCM) and continuing professional education (CPE) program peer reviews embodied in the AICPA Standards for Performing and Reporting on Peer Reviews (Standards) and Interpretations to the Standards.

The exposure draft contemplates that the revisions to the *Standards* (if approved) would be effective for peer reviews scheduled on or after November 1, 2010, with the exception of the revisions to the procedures for performing CPE peer reviews, which are effective immediately upon issuance of the revised *Standards*.

The CPA community and other stakeholders are encouraged to review the exposure draft and provide their thoughts and comments. The exposure draft contains questions that respondents are asked to address directly, along with any other feedback they may have. The deadline for submitting comments is **August 31**, **2010**.

We have also informed representatives from State CPA societies, the National Association of State Boards of Accountancy (NASBA), the Government Accountability Office (GAO), the Department of Labor (DOL), and other regulators of the issuance of the exposure draft.

Please contact LaShaun King at PR\_expdraft@aicpa.org if you have any questions.

Sincerely,

Gary Freundlich, CPA

Hary Freundhil

#### NASBA Central Region-Nominating Committee Report -- June 2010

A member from each region (8) serves on the nominating committee. The committee charge is to: *Nominate officers and directors for the next year in accordance with the NASBA Bylaws*. Tom Sadler serves as the committee chair and tie-breaker for the 2010 selection process.

In March, the committee had a face-to-face meeting and selected the vice-chair nominee for 2010-11. The Nominating Committee's selection process is confidential and full of discussion. Every year, we have outstanding candidates seeking the recommendation/selection for vice-chair, regional directors and directors-at-large. We discuss shared information for each candidate and our experiences working with them on boards and committees. That's why it is so important for candidates to be active on committees. Get to know your committee members and accomplish your tasks. If you can attend the regional meetings, get to know the nominating committee members and Tom Sadler. Share your intentions. Every candidate has the same opportunity to express their motivation and desire --- Nine people need to know who you are and what you want to accomplish.

I believe in this confidential process. After a series of paper voting, the NASBA attorney announces the nomination selection. At the 2010 Western Regional meeting, eight regional directors and three directors-at-large will be selected for the election at the annual meeting in October.

I consider myself to be open-minded and proactive. I will support those who want to represent our best interests and serve our state boards and jurisdictions. Please contact me if you have questions or issues. Your support and cooperation are greatly appreciated.

Respectfully submitted,

Thomas J. Sadler, Nominating Committee Chair National Association of State Boards of Accountancy 150 Fourth Avenue North, Suite 700 Nashville, TN 37219

Dear Mr. Sadler,

The California Board of Accountancy (CBA) recommends member Rudy Bermúdez to the Pacific Regional Director Position. Mr. Bermúdez is a public member of the CBA, appointed by the Speaker of the California State Assembly in 2007. He is well respected for his insights and commitment to public protection. He brings a wealth of experience to the CBA, and served as Secretary/Treasurer from 2007 to 2008. Mr. Bermúdez appreciates a hands-on approach in the strategic and budgetary planning processes and encourages CBA members to become more involved in NASBA. He is an ardent advocate for CBA member activism. Mr. Bermúdez is no stranger to serving on regulatory boards in California having served over three years on the Medical Board of California.

Mr. Bermúdez is a parole agent by profession but he has a long history of additional public service. He is a former California State Legislator, having served two terms in the Assembly where he authored mobility legislation to improve CPA mobility by modifying California's practice privilege system. In the California State Assembly, Mr. Bermúdez chaired the Assembly Committee on Revenue and Taxation and Assembly Budget Subcommittee # 4, and was a member of the Assembly Committee on Business and Professions. Mr. Bermúdez served as an appointed member of the Streamlined Sales Tax Project Board of Governance and member of the Commission for Economic Development and the California Health Facilities Financing Authority. During his two terms in the State Assembly, Mr. Bermúdez was recognized by 23 organizations as the Legislator of the year.

Before his election to the Assembly, he served two terms as a Council Member in the City of Norwalk which has a population of more than 100,000. While serving on the Norwalk City Council, he worked to attract new businesses and retain existing ones while strengthening law enforcement by enacting community-based policing. He was also active in enhancing senior and youth community services. The Los Angeles County Democratic party named him their "Franklin D. Roosevelt Democratic Man of the Year" in 2001.

CBA Nomination for Pacific Regional Director April 29, 2010 Page 2

Prior to that, Mr. Bermúdez served eight years as a member of the Norwalk-La Mirada Board of Education where he successfully fought for additional funding and programmatic changes to improve student achievement. He also worked to cut wasteful spending and promoted fiscal accountability. Because of these efforts the school district maintained one of the healthiest budgets in Los Angeles County with a strong fiscal reserve while they opened three new schools, reduced class sizes and strengthened student achievement while improving security and providing salary and benefit enhancements to district employees.

Rudy Bermúdez's history of achievement, fiscal accountability and contribution would serve NASBA well.

Sincerely,

Wand / Laury Manuel Ramirez, GPA

#### Biography Rudy Bermudez

For more than 20 years, Rudy Bermúdez has served the people of California by promoting public safety, improving education, and championing the rights of working men and women. A law enforcement officer by profession, Mr. Bermúdez was first elected to represent the 56<sup>th</sup> district in the California State Assembly in November 2002, and re-elected in November 2004.

Mr. Bermúdez served as chair of the Budget Sub-Committee #4 on State Administration and the Committee on Revenue and Taxation. He also served on the Assembly committees on Aging, Business & Professions, Governmental Organization, and Water, Parks, and Wildlife. In his second term in the assembly, Mr. Bermudez authored mobility legislation to improve CPA mobility by modifying the California practice privilege system. Mr. Bermúdez currently serves as a member of the California Board of Accountancy.

#### Legislative Achievements

Mr. Bermúdez made an immediate impact in the legislature by tackling tough issues and standing up for all Californians. He has received 23 leadership awards for his work on a whole range of issues affecting California.

#### A Commitment to Public Safety

As a father and former law enforcement officer, public safety is an issue of monumental importance to Mr. Bermúdez.

In his first term in office Mr. Bermúdez authored and secured passage of legislation (AB 236) that ensured the most egregious sexual predators would never be able to practice medicine in California, keeping residents of the Golden State safe from harm and enabling them to put faith and trust in their doctors. He has also fought hard to increase the distances from which sexual predators are allowed to live from schools.

In the aftermath of the terrorist attacks on September 11, 2001, Mr. Bermúdez authored and secured passage of legislation (AB 1153) that outlawed the use of counterfeit firefighter badges and employee identification. This ensures that these items will not fall into the wrong hands and

can never be used to gain unauthorized access to sensitive sites and facilities.

Mr. Bermúdez has been awarded many honors for his commitment to public safety and for his support and appreciation of the brave men and women who keep our communities safe. In 2003, his first year in the Assembly, Mr. Bermúdez was named Legislator of the Year by the California Police Activities League and was honored with the prestigious "Street Sweeper" award by the California Correctional Peace Officers Association (CCPOA). In 2004, Mr. Bermúdez was honored with the California State Fire Fighters Association legislator of the year award. More recently, Mr. Bermúdez was honored with the 2005 LA County Probation Officers Union Legislative Leadership Award, the 2005 Crime Victims United of California Legislator of the Year Award, and the 2006 State Coalition of Probation Organizations Legislator of the Year Award.

#### A Commitment to Education

Mr. Bermúdez is the proud author of AB 2407 which has allowed school districts to begin implementation of full-day kindergarten, so that every child in California can receive the education he/she deserves. He has also been a strong supporter of universal preschool and of lowering college tuition fees.

Recognizing his strong commitment to public education and his successes in the legislature, the California State University System and the Faculty Association of the California Community Colleges both named Mr. Bermúdez as their 2003 Legislator of the Year.

#### A Commitment to Jobs and Economic Growth

Mr. Bermúdez recognizes the need for a strong and economically prosperous California that generates an abundance of high paying jobs. The American Electronics Association named

Mr. Bermúdez their 2004 High Tech Legislator of the Year for his efforts to bring high tech jobs and technology to California. He has also championed and defended the rights of California's small business owners. For example, in 2003, Mr. Bermúdez authored AB 282 to protect the practice of "hair threading" and prevent small cosmetology salons from being unfairly fined for performing this ancient practice.

For his commitment to upgrading our transportation infrastructure to create jobs and ensure the safe, fast, and continual flow of people and goods, Mr. Bermúdez received the 2003 Legislator of the Year award from the Professional Engineers in California Government. Mr. Bermúdez was named the 2005 Legislator of the Year by the California Attractions and Parks Association for helping to maintain California's vibrant tourism industry.

#### A Commitment to our Community

Mr. Bermúdez has also been very active in issues critical to his district. He continues to fight for increased funding for home-to-school transportation, led efforts to increase business and commerce in the city of Artesia, and fought for the City of Whittier's right to the property formerly occupied by the Nelles School for Boys.

For his hard work on behalf of our community, Mr. Bermúdez received the 2004 Federation of Indo-American Associations of Southern California Man of the Year Award.

#### **Dedicated to Public Service**

Mr. Bermúdez first entered public service in 1991, when he was elected as a Board member on the Norwalk-La Mirada Board of Education

As a Board member, Mr. Bermúdez fought for additional funding and systemic changes to improve student achievement. He worked to cut wasteful spendina and promote accountability. Because of his efforts, the school district maintained one of the healthiest budgets in Los Angeles County, with a fiscal reserve of over 10%, more than three times the state's required reserve. He and his colleagues achieved this goal while opening three new schools, reducing class sizes, introducing new educational programs. strengthening classroom student achievement. improving security on school campuses, and salarv increases and enhancements of over 28% to district employees. The issue of ethics has been Mr. Bermudez's hallmark as an elected official. He championed a strict anti-nepotism policy, a code of ethics for

school board members, and procedures to discipline members who breached the code of ethics.

In 1999, Mr. Bermúdez was elected to the city council of Norwalk, the fifteenth largest city in Los Angeles County. In his election to the city council, he received the most votes of any candidate, including incumbents. As a City Council Member, he worked to attract new business and retain existing ones, promote strong fiscal policies, eliminate the utility user tax and encourage development to strengthen the city's economy. Re: Nomination of Michael Weinshel, CPA, for NASBA Director-at-Large

Dear Mr. Sadler:

The Connecticut State Board of Accountancy is pleased to hereby unanimously and enthusiastically endorse Michael Weinshel for consideration by your committee as a nominee for NASBA Director-at-Large for 2010-2013. This action by our Board is based on our belief that Mr. Weinshel continues to be a recognized leader and has continued to serve the profession in many capacities and will continue to effectively represent the State Boards in the many challenges and issues that face both the profession and NASBA.

Mr. Weinshel was appointed to the Connecticut State Board in April of 2002 and has been an active member on the Board since that time. Immediately after appointment, Mr. Weinshel served on the Ethics Committee of NASBA for two years and on the Regulatory Structures and Issues Committee. He has served on both the Ethics and the UAA Committee and is completing his third term as NASBA's Northeast Regional Director. In 2006, he was recognized as one of NASBA's Remarkable People and in 2009 he, his wife, Carol, and sister-in-law Susan Spivack were recognized with the NASBA Center for the Public Trust Being A Difference Award for their work in supporting thousands of America's troops with care packages.

Mr. Weinshel currently serves as Chair of NASBA's Enforcement Assessment and Best Practices Committee and last year co-chaired the Enforcement Practices Committee and chaired the Best Practices Subcommittee. He also has been an active participant on the Regulatory Response Committee. As Northeast Regional Director and because of the State budget cuts, Michael recently held a Regional Communications Forum in Hartford which had Board Member representation from five of the eight Northeast Region Boards.

Michael has shown particular interest in the areas of Ethics and Enforcement. His service on the Joint Trial Board has given him great knowledge in these areas.

Nomination of Michael Weinshel, CPA, for NASBA Director-at-Large Page 2 of 2

Previous to his appointment to the Connecticut State Board, Michael has been very active in the AICPA. He has chaired the AICPA Joint Trial Board and served on State Legislation Committee, State Society Relations Executive Committee and Accountant's Legal Liability Committee. He also served two terms as a Council Member.

Mr. Weinshel has also been active and a leader in the Connecticut Society of Certified Public Accountants, having served as President and being the recipient of the prestigious Meritorious Service Award and the CSCPA Public Service Award.

Michael has also held many positions of leadership in numerous organizations as are outlined in the attached brief bio.

The members of the Connecticut State Board of Accountancy are confident that Mr. Weinshel will continue to make significant contributions to NASBA as he has done in the past.

Sincerely,

### NASBA'S CANDIDATE CARE DEPARTMENT

# CANDIDATE CONCERNS 10Q1 JANUARY 01-FEBRUARY 28, 2010

This report encompasses concerns expressed by CPA candidates to NASBA's Candidate Care Department during the first window of the 2010 administration of the CPA examination.

### Force Majeure:

The first window of 2010 was unprecedented in the number of testing issues related to inclement weather. Early in the window heavy snow storms hit many areas of the country. This caused site closures and candidates affected were not able to test at their previously scheduled times. However, as the window was just underway, most candidates were able to reschedule and take their examinations before the window closed.

The second severe round of snow storms occurred very late in the window and once again was widespread. This created difficulties for a large number of

candidates. Prometric agreed to keep the window open until March 8, 2010 and their Out Bound Department worked diligently to contact candidates who still had valid NTSs to assist them in scheduling new appointments before the window closed.

Prometric also eased their policy of marking candidates as 'no-shows' at sites that managed to remain open determining that in most instances it was unsafe for candidates in the areas to travel. They permitted candidates to reschedule at no cost on a case by case basis.

Any candidate whose NTS had expired or would expire by March 8, was referred to NASBA's Candidate Care Department. In most instances with Board approval, the candidate's NTS was then extended to 5/31/10.

There were also candidates who were in danger of losing conditioning of passed parts because they were unable to test on their scheduled dates. These candidates were referred back to their respective Boards to request an extension of their conditional credits.

Also during this time period, there was a tsunami warning due to the earthquake in Chile. Sites in Hawaii were forced to close for a couple of days. The candidates affected were quickly contacted and assisted in rescheduling.

This was an extremely active time for both Prometric and NASBA as efforts were made to accommodate candidates as expediently as possible.

Due to a strong established working relationship, NASBA and Prometric were able to function as one team in the best interest of each candidate. Feed-back from those affected concerning the manner in which the situation was handled has been extremely positive.

### Calculator:

The issue of the malfunctioning on-screen calculator initially reported at the beginning of the 09Q4 window continued throughout the 10Q1 window.

Once again any candidate's concern reported to NASBA, regarding difficulty using the calculator, was discussed by the Ops Team and a free retest was granted. Although hand-held calculators were available, many candidates wasted time trying to get the on-screen calculator to work. By the time assistance was requested they had already struggled to complete much of the

examination. These reported concerns were evaluated on a case by case basis and when appropriate free retests were also granted.

As promised, the AICPA started distribution of new Plugins early in March resulting in this difficulty being virtually eradicated in the current window.

### International Candidates:

There has been an increase in the number of international candidates inquiring about the introduction of international testing. These candidates have been advised that they will be provided with more information as it becomes available.

### Sample Tests:

Some candidates reported they were having difficulty downloading the AICPA's sample tests. It was discovered that these candidates were using 'Windows 7" and that the sample tests had not yet been adapted to use this program. Candidates were advised to use a computer which is not using 'Windows 7'.

### Identification Issues:

There were 26 identification issues during the first window.

12 international candidates requested NASBA Identification Cards prior to coming to the USA to test because their countries do not require signatures on their passports.

8 candidates were not permitted to take the exam due to lack of name match between the NTS, Prometric's roster and the primary ID.

6 candidates were not permitted to test due to lack of any ID or insufficient ID documents.

### Security:

9 videos were requested for viewing potential security issues:

These included 3 candidates who took longer than a 10 minute break; 4 candidates who used cell phones during a break; and 2 candidates who tested less than 30 minutes. There was no unusual candidate behavior observed in the videos. NASBA's Candidate Care Department then followed up personally with candidates to remind them of the break policy.

### Zimbra:

NASBA has introduced an new email application called Zimbra. This has provided the Candidate Care Department with instant access to all 'conversations' with a candidate and enables us to keep more comprehensive documentation in our Mantis Tracking system.

### Conclusion:

NASBA's Candidate Care Department is preparing for the advent of possible international testing and the launch of the CBT-e. Candidates will be kept apprised of any new information as it becomes available.

We continue in our mission to provide support and to act as advocates for your candidates and welcome any suggestions that may assist us in doing so.

## Quarterly Summary Report to the State Boards First Quarter, 2010

### **Executive Summary**

First quarter 2010 volume for the exam was 2.6% above first quarter 2009, with a total of 57,799 exams delivered. This brings the total number of computer-based exams delivered to date to 1,207,747. The Exam platform was stable and the frequency and severity of technical issues was small. Candidate Satisfaction remains high, and test reliability and testing patterns remain consistent.

The growth rate for the first quarter was moderate, lower than the results of late 2009 (2.6% versus 5.3% for the fourth quarter).

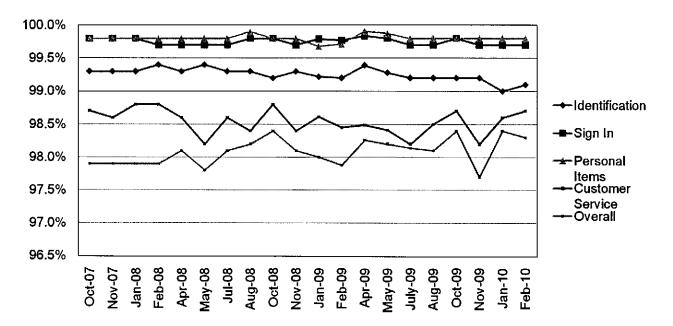

This period was affected by snow storms, and the window was extended by an extra week to allow rescheduling of 2,895 tests (approximately 5% of the window's volume) that were impacted.

Review Course Providers are advising candidates to test in 2010, before CBTe and other changes are enacted. Because of this, we are anticipating high volumes in 10Q3 and 10Q4. It is important for candidates to schedule early and if possible avoid high-demand time slots — generally the last testing week in a window.

### **Candidate Satisfaction**

Overall candidate satisfaction continues to hover around the 98% mark, with the subset indicators remaining fairly consistent.

### **CPA Candidate Satisfaction**

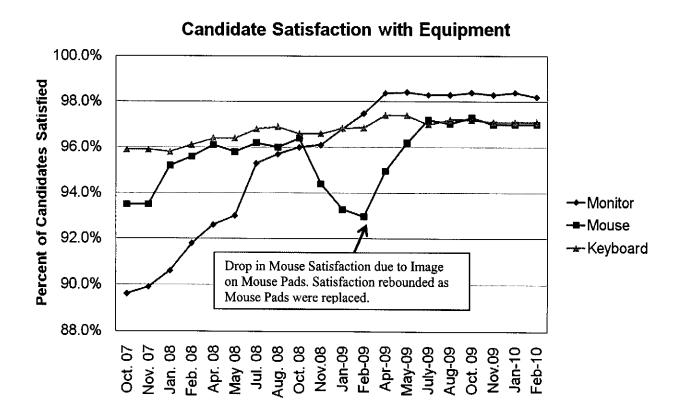

**NOTE**: In order to provide better definition among the data points, the scale of this graph has been adjusted to show the upper end of the comparative scale.

### **Equipment Satisfaction**

Candidates are satisfied with the equipment at the testing centers with satisfaction well above 95% for the past several quarters.

The recent two-percentage-point drop in satisfaction with computer mouse equipment abated in 09Q2. It was determined that the root cause of this negative trend was new Prometric mouse pads recently distributed throughout the company's test centers; the graphic on the pads interfered with the functionality of the optical mouse sensors, causing the cursor to fail to keep pace with candidates' mouse movements. The pads have been replaced with a new design, and the mouse satisfaction scores are now back in line with those previously recorded.

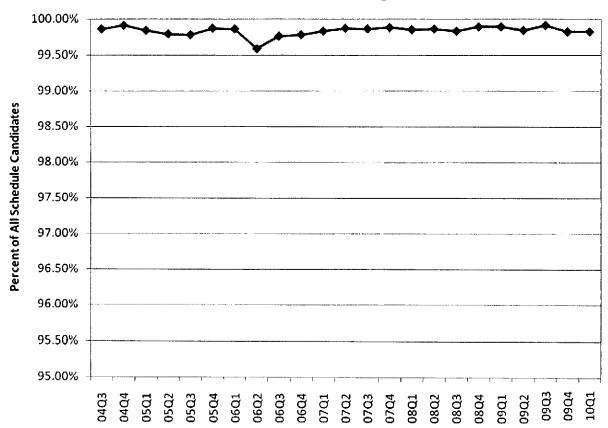

**NOTE**: In order to provide better definition among the data points, the scale of this graph has been adjusted to show the upper end of the comparative scale.

### **Test Reliability**

The Exam continues its high degree of technical reliability over the course of its history, with 99.86% candidates that arrived at the test center not needing a retest.

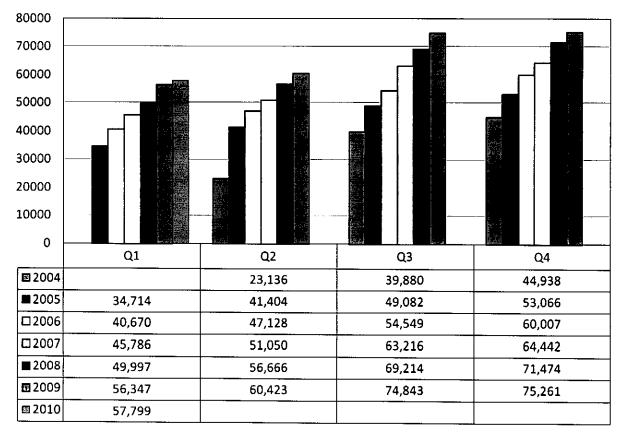

**NOTE**: In order to provide better definition among the data points, the scale of this graph has been adjusted to show the upper end of the comparative scale.

### **Volume**

The candidate volume for 10Q1 was 57,799 – which represents a 2.6% increase over the same period in 2009.

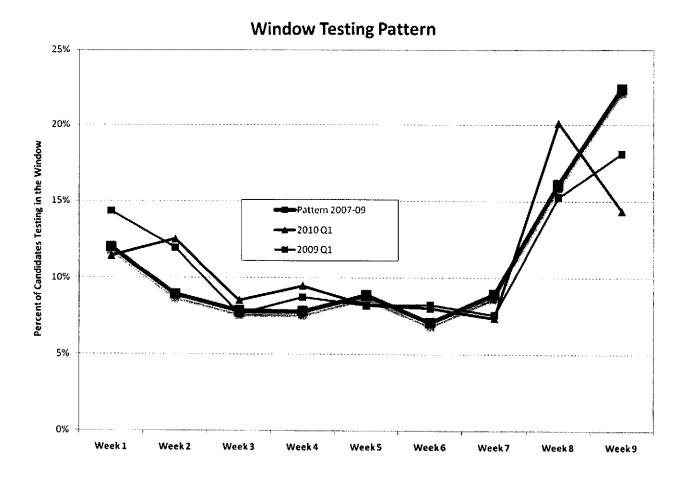

### Window-over-Window Total Volume

### **Testing Patterns**

The graph below shows the percent of candidates testing each week within a given window. The dark line shows the average percentage for each week across all windows from 2007 through 2009 – which represents the typical candidate scheduling patten.

The patterns for 09 Q1 (shown in blue) and 10 Q1 (shown in red) closely follow the broader pattern except for the week 9 in 10 Q1. This period was affected by snow storms, and the window was extended by an extra week to allow rescheduling of 2,895 tests (approximately 5% of the window's volume) that were impacted.

### **Looking Forward**

Candidate volume levels grew throughout 2009 and 10Q1 despite overall poor economic conditions – although growth rates have declined. The first quarter was characterized by high candidate satisfaction and test delivery reliability. No equipment issues have been experienced.

Review Course Providers are advising candidates to test in 2010, before CBTe and other changes are enacted. Because of this, we are anticipating high volumes in 10Q3 and 10Q4. It is important for candidates to schedule early and if possible avoid high-demand time slots – generally the last testing week in a window.

# PCAOB Publishes Updated Staff Guidance Related to Registration Process for Applicants from Certain Non-U.S. Jurisdictions

Washington, D.C., June 1, 2010 -- The Public Company Accounting Oversight Board today announced a staff guidance update related to the registration process for applicants from non-U.S. jurisdictions where the PCAOB is prevented from inspecting PCAOB-registered firms. The affected jurisdictions currently are the 30 European countries that are required to follow the European Union's Directive on Statutory Auditors, China, Hong Kong, and Switzerland.

The new guidance appears in an addition to the staff answers to <u>frequently asked questions</u> relating to registration of non-U.S. firms. The guidance alerts applicants from the affected jurisdictions that the staff intends to recommend that the Board request certain additional information before acting on those applications, and it explains how an applicant can seek to avoid delay by including the information when it first submits the application.

The information includes identifying information about public company audits in which the applicant has recently played, or expects to play, any role, and identifying information about other PCAOB-registered firms in whose audits the applicant expects to play any role. The additional information will facilitate the Board's understanding of the scope and nature of the applicant's activities related to SEC-reporting companies.

Under the Sarbanes-Oxley Act of 2002, auditors of financial statements that issuers file with the Securities and Exchange Commission must be registered with the PCAOB and must undergo regular PCAOB inspections to assess their compliance with U.S. law and professional standards in connection with those audits. The PCAOB has conducted more than 1,300 inspections of registered firms in the United States and 33 non-U.S. jurisdictions but, due to positions taken by local authorities, has been prevented from conducting inspections in the European Union/European Economic Area, Switzerland, China and (to the extent an audit encompasses a company's operations in China) Hong Kong. Information on the Board's continuing efforts to conduct inspections in those jurisdictions is available on the PCAOB Web site, along with a list of issuers that have recently filed financial statements audited by registered firms in those jurisdictions. The revised staff FAQs include a complete list of the affected jurisdictions, which will be updated as appropriate.
